LANDSCAPE DESIGN FOR NATURAL EFFECTS.

BEACON BUILDING,

BOSTON, MASS., U. S. A., Apr. 6, 1905.

Missouri Botanic Gardens,
Mr. H. C. Irish, Dir.,
St. Louis, Mo.

Gentlemen:

In making room for greatly increased plantings of strictly hardy Rhododendrons, Azaleas, Kalmias and other special plants, I have decided to materially reduce my stock of many ornamentals and the enclosed "Surplus" is the result. It is an unusual opportunity to secure fine stock at unusual prices for spring sales, planting, or lining out.

Such a chance will hardly occur again, so please examine entire list carefully and place order by return mail.

Yours truly,

HARLAN P. KELSEY.
